

# *10<sup>th</sup> Anniversary Launch*

---

---

*January 15<sup>th</sup>, 2005*

*9:00am - 6:00pm*

## ***RENT - A - ROC***

We want you to experience the thrill of rocketry for yourself. All we ask is that you cover the cost of the motor, so launches are just \$2 each!

Just follow these easy steps:

1. Complete a registration form to get started.
2. Select a rocket - all rockets are suitable for all ages.
3. Prepare the rocket for flight, don't worry, we'll help!
4. Complete a launch card & proceed to the flight line
5. 3-2-1 Launch!!!!
6. Bring back the rocket so that others can fly

**YOU ARE NOT RESPONSIBLE FOR LOST OR DAMAGED ROCKETS.** We understand that rockets sometimes fail and that rockets are sometimes lost. If the rocket is lost, just let us know. If the rocket is damaged, please bring back the pieces; we might be able to make it airworthy again. You can fly as many times as you want. Just remember to pay for each launch so we can cover our costs.
